

COVID 19 CONTACTLESS CHECKIN PROCEDURE

Dear Guest

First of all,

please accept our warm welcome. We look forward to your stay with us. We do apologise that our first interaction with you is to send out a list. However, I am sure you will understand that during these difficult times that the health and safety and cleanliness procedures within our Bed & Breakfast are of the utmost importance to ensure everyone's safety during their stay.

Please follow the following procedures while you are with us:

-Use the hand sanitiser in the ground floor hallway and Porch area whenever entering & exiting the property.

-Your keys you will find in the door of your room.

- Your room has its own bathroom. Please do not use the communal bathroom.

- Your room has a table and chairs. Please do not use the communal lounge.

- Part of our normal service would be a mid-stay clean. However, we have been advised to avoid this. If there is anything you need extra of, be it coffee or tea, towels, more heating then please feel free to text us on **07801800331**. We will leave whatever items you require outside your room ready for you.

- If you have not already, please leave a contact phone number in case we need to speak with you.

- At this time of year, the area can suffer from sand flies coming off the beach. They are attracted to light during night time. So, if you need your window open then please keep your curtains closed, as otherwise they may be attracted to your bedroom light.

Please come and go as you like and enjoy your stay with us. We are only at the end of a phone if you do have any queries.

Thanks

Michelle & Al
